Fairfield Public Works Department

Recycling Hotline - 707.428.7489

## PROCEDURES FOR PACKING AND TRANSPORTING HHW TO FACILITY

To drop off your HHW, once at 2901 Industrial Court, please follow the orange and black signs to the household hazardous waste unloading area. Please remain in your vehicle while the staff unload all the items from your vehicle.

1. Keep products in their original containers. Do not mix products. Label materials not in original containers. Check that lids are tightly sealed.
2. Place leaking containers in a larger plastic container with a tight fitting lid.
3. Secure products upright in cardboard box so they do not tip during transport.
4. Transport products in the back of a pickup or trunk of car. Ensure proper ventilation if transported in car passenger compartment.
5. Keep flammables out of direct sunlight and away from heat, sparks, flame, or ignition. Do not smoke.

Per CA Code 25218.5.1 - No single container larger than five (5) gallons will be accepted. The maximum allowable quantity is 15 gallons or 125 pounds per trip.

Products	Examples of Acceptable Materials
Paint	Oil and latex paints, stains, varnishes, solvents, thinners and adhesives
Automotive	Motor oil, oil filters, antifreeze, waxes, cleaners and car batteries
Household	Oven cleaner, household cleaners, drain cleaners, bleach, waxes and polishes
Garden	Pesticides, herbicides, fertilizers, ant traps or poison, rat and gopher bait
Chemicals	Pool chemicals, photographic chemicals, flammable liquids and gases, aerosol cans, roofing tar and roofing products
Needles	Sharps and hypodermic needles must be placed in a clear rigid enclosed container with the lid taped closed to prevent spilling
Lighting	Tubes, bulbs and other mercury-containing lamps
Batteries	Household batteries such as AA, AAA, A, C and D cells, button batteries and rechargeable batteries
Mercury Gauges	Barometers, manometers and older thermostats that contain mercury
