Weekend fire damages sports center

Fairfield, California (Monday, November 27, 2017)— On Sunday morning, Fairfield Fire Department responded to a structure fire at the Sports Center at Allan Witt Park. There were no injuries; however, there was extensive fire damage to the men's sauna, and smoke and heat damage to the men's locker room and main floor of the facility. Due to restoration and cleanup efforts, the Sports Center is expected to be closed through January 2018.

Fairfield Parks & Recreation Department is contacting all sports users regarding their planned use of the facility. For questions about the Sports Center, please contact the Parks & Recreation Department at (707) 428-7612. Please note: The Aquatics Complex at Allan Witt Park remains open, but is scheduled to close December 22-25 for the holidays, and December 29, 2017 through March 4, 2018 for maintenance.

Parks & Recreation appreciates the City's Fire, Police, and Public Works departments, along with the Vacaville Fire Department, Dixon Fire Department, Solano County Fire Investigation Unit, Medic Ambulance, and PG&E for their efforts, and looks forward to reopening the Sports Center in 2018.
