### **Upgrade to signal light pole on Air Base Parkway**

**Fairfield, California (Thursday, July 12, 2018)** - On Thursday, July 19, work will begin by the City of Fairfield to replace a signal light pole on the westbound side of Air Base Parkway.

The installation of the new signal pole at the intersection of Heath Drive and Air Base Parkway will be accomplished between 9 a.m. and 3 p.m., on Thursday and Friday.

Lanes will be reduced, which may cause minor delays for motorists. Please plan your travels accordingly, and slow down in the cone zone for your safety and the safety of those working to improve our roadways.

For more information about this project, contact Public Works Supervisor Paul Slone at (707) 428-7403.

#### **About the Public Works Department**

City of Fairfield Public Works employees include those who maintain, operate, and manage the water treatment and distribution systems, sewer collection systems, storm drainage systems, public transportation, public buildings, parks and landscaping, streets, traffic control devices, and the City fleet. In addition, they oversee the preparation of all private and public development plans, and are responsible for reviewing new construction and public improvements within the city of Fairfield. The Public Works Department is committed to planning, designing, building, operating, and maintaining infrastructure and facilities that will stand the test of time. To learn more about the projects and services provided by the Public Works Department, please refer to the City of Fairfield's website, [www.fairfield.ca.gov](http://www.fairfield.ca.gov).
