About the Public Works Department

The Public Works Department is committed to planning, designing, engineering, building, operating, and maintaining infrastructure and facilities that will stand the test of time. The Engineering Division and Capital Improvement Program are responsible for the design and construction oversight of all types of infrastructure projects, along with many other tasks critical to the city. To learn more about the projects and services provided by the Public Works Department, please refer to the City of Fairfield's website www.fairfield.ca.gov.
